

Fill in the missing number grid by doing the sums using the information you already know.

$3 + 2 = \square$        $\square + 4 = 8$   
 $\square + 1 = \square$        $\square + 5 = \square$        $6 + 2 = \square$   
 $3 + \square = \square$        $\square + \square = \square$   
 $2 + \square = \square$        $\square + \square = \square$   
 $\square + \square = 7$        $\square + \square = 7$   
 $\square + \square = \square$        $\square + \square = \square$   
 $6 + \square = 9$        $\square + 4 = \square$   
 $4 + \square = 8$        $\square + 3 = \square$   
 $\square + 2 = \square$        $\square + 5 = \square$   
 $\square + \square = \square$

Colour by numbers. Who's spying on who?

1 (Red)  
 2 (Orange)  
 3 (Yellow)  
 4 (Light Green)  
 5 (Dark Green)  
 6 (Black)  
 7 (Brown)  
 8 (Pink)
