

## 2 Mother's Day Makes

### Mother's Day card.

Let's get started

Finally

1. Various coloured paper or card or even paint it yourself.
2. Carefully cut out the template sheet and use it to cut out all the pieces in the colours you want.
3. Fold your A4 card in half so you can decorate the front. If you need to stick or paint a different background colour do it now.
4. Cut out a strip for the plant background and stick to the bottom front of your card as seen in the photo.
5. Draw the needles on the cactus on both sides of each pieces of paper.
6. Fold cactus pieces in half along the dotted line.
7. Fold the "eye" piece of paper at the sides along the dotted line.
8. Attach the "eye" piece of paper to the bottom of the card with the top of it a bit on the backing sheet (as seen in photo) DON'T lie flat. Move the tabs a bit nearer to each other to create a pot shape
9. Insert the cactus pieces into the pot keeping the folded edges touching.
10. You can now attach a heart flat to the back card and write I & YOU at either side OR fold a heart in half and attach to the cactus then write the same at either side.

### This is why I Love You Jar! X

You'll need:

Jar, Paper, Felt or other decorations, Ribbon, Glue, Scissors, Pen, Gift Tag, String and LOVE.

1. Using paper, stickers or whatever you prefer decorate then attach a label to your jar.
2. Now decorate your lid.
3. Cut your blank paper into strips and write reasons why you love your mum (this jar can be given to anyone you love at any time, just adapt your notes accordingly).
4. Fold each note up and put them in your jar.
5. Put on the lid and then tie on a ribbon to make it look prettier.
6. You can also print and attach the label above or write one of your own.

Note ideas:

I love you because you're so kind.  
 I love your hugs. Can I have one now please.  
 I love the way you smell  
 I love your spaghetti bolognese  
 I love you tucking me in  
 I love it when we read together  
 I love your smile
