HAND WASHING

PARENT TIPS!

Model good hand washing for your kids. Wash your hands with warm water and soap **BEFORE** and **AFTER** handling food.

The Happy Fingers, Happy Hands Song

(SING TO THE TUNE OF TWINKLE, TWINKLE LITTLE STAR)

Happy fingers, happy hands,
Making bubbles is my plan.
Just add water, soap, then rub.
Make it fun, sing while you scrub.
If you want the germs away,
You must wash your hands this way.

Help the hands find the bubbles so they can get nice and clean!

How many different things can you think of to help you wash yourself or your house or belonging? What else has bubbles?
